MEMORIAL BRICKS

MEMORIAL BRICKS

The healing gardens at the Mercy Health Partners hospitals provide a sanctuary for patients and families. This peaceful place allows individuals a quiet place to renew their spirits and gather their thoughts. It is a place to heal and reflect.

For a patient, visitor or staff member, long hours in a hospital setting can be stressful. Access to a garden space can enhance your ability to deal with that stress and improve health outcomes. The spirit of the garden is growth and renewal, where one can feel connected instead of isolated. Nature heals the heart and soul.

Opportunities to purchase a memorial brick, in honor or in memory of a loved one or friend, are available.

To order a memorial brick, please complete requested information on back. For additional information, please contact Mercy Health Partners Foundation at 865-632-5678.
