St. Mary's Medical Center Pre-Admission Clinic

St. Mary's Medical Center Pre-Admission Clinic

You can complete all evaluations and testing required before surgery at St. Mary's Medical Center. Pre-operative history and anesthesia evaluations, blood work, X-rays and other imaging procedures are all provided by our registered nurses and technologists. You can also complete your pre-surgical registration so that on the day of your procedure you only need to arrive at St. Mary's Medical Center on time.

Special Instructions

- Park in either the Professional Building Garage or the Tower Garage. The clinic will validate your ticket for free parking.
- Bring your medication list.
- Check in at the Outpatient/Admitting Desk. (You will be directed to the clinic for registration.)
- If your physician gives you any papers (instructions or orders), bring them with you to the clinic.
- Your hospital chart will be complete by the end of your visit.

Pre-admission Clinic

A visit to the clinic gives you an opportunity to have necessary tests completed, as well as a chance to ask questions, get answers, and share your concerns. Allow one hour for the entire visit.

Personalized services

Registration

Admission information will be obtained to register you as a patient. Please bring insurance cards to this visit.

Laboratory

You may have blood drawn, chest X-rays and/or EKG (heart tracing) performed during your visit to the Pre-Admission Clinic.

Anesthesia Evaluation

When appropriate, you will be seen by an anesthesiologist.

Instructions

Bring your medication list with you for the nurse to review and place on your chart. You will learn more about your surgery and recovery.
