Microsoft Authenticator Self Enrollment: BSMH EXTERNAL PARTNERS

Note: FOR CITRIX LOGIN: If you have already registered your BSMH account for MFA, proceed to step 15 of this document.

Setting Up Your Microsoft Authenticator

1. Open a web browser and navigate to the following website: <https://aka.ms/mfasetup>
2. Sign in using your health-partners.org account and select next. **(In the email address insert your account where domain is)**
 - Username@SA.health-partners.org
 - Username@mdco.health-partners.org
 - Username@ads.bshsi.com

A screenshot of the Microsoft Sign in page. At the top left is the Microsoft logo. Below it, the text "Sign in" is displayed. A text input field contains the placeholder text "username@domain.health-partners.org". Below the input field is a link that says "Can't access your account?". At the bottom right is a blue button labeled "Next".

3. Enter your Password.

4. On the Computer screen

- Click the + Add sign-in method.
- Select Microsoft Authenticator.
- Click next until you see the QR Code.

Note: (If you are adding a new mobile device, follow the steps below. You may remove the old device by clicking on delete next to that device)

5. To download the Microsoft Authenticator App, using your mobile device camera app, scan the QR Code below for IOS or Android.

- **iPhone**

BON SECOURS MERCY HEALTH

- **Android**

6. Once the application has finished downloading, open the app. Click the + icon located on the right side of the top ribbon.

7. When prompted, choose the **Work or School Account** option, then click **Scan QR Code**.

8. Scan the code with your mobile device that appeared on your computer.

9. Click **Next**. A Microsoft Authentication confirmation will be sent to your device in the app recently downloaded. Enter the number as prompted to confirm set up. This will complete the initial set up of Microsoft Authenticator.

NOTE: Depending on the applications that are being signed into, a second form of authentication may be asked to set up as a backup.

14. The authentication has been confirmed. At this point your setup is complete.

Signing in to CITRIX

15. Open the Microsoft Authenticator app on your mobile device.

16. Select your Bon Secours Mercy Health Account.

17. Enter the One-time 6-digit password code displayed.

Microsoft Authenticator FAQ

1. **Q:** What if I use Outlook on my personal device where I authenticate with Symantec. Will I now use MS Authenticator?

A: You will be auto prompted with whichever authentication method is necessary.

2. **Q:** What if my exact geographic location is not what is displayed?

A: It may just mean Authenticator is prompting based on BSMH network routing (e.g. Cincinnati or Richmond areas) or your cell phone carrier (e.g. another location in their region). However, if the location is **completely unknown**, you should disregard the prompt.

3. **Q:** What if I change my mobile device?

A: Proceed to step 1 on page 1, follow the steps to enroll the device. If you experience an error, please log a ticket with the **Support Desk. (833 691-4357)** your MS Authenticator account will need to be re-set to allow enrollment on your new device.

4. **Q:** What if I get a notification to authenticate that I did not request?

A: If you did not request the authentication **DO NOT** select **Yes**. Decline any unsolicited prompts by selecting **No, it's not me**.

BON SECOURS MERCY HEALTH

5. Q: Will my smart watch still work with MS Authenticator as it did with Symantec?

A: No, it will not.

6. Q: What if I am not receiving a push notification prompting me to authenticate?

A:

- Check to see if push notifications are enabled for the app on your device.
 - IOS: Go to your **Settings** > **Apps** > select the **Authenticator** app, and make sure that **Allow Notifications** is enabled (**green**).
 - Android: Go to **Settings** > **Apps** > **Authenticator**, under notification make sure Allow notification is enabled (**blue**).
- Ensure your device's date and time are set correctly.

NOTE: If you prefer to not receive push notifications, you can manually open the app each time and enter the code as prompted with each request.

7. Q: When can I expect to start seeing prompts for Authenticator?

A: Prompts should appear within a week of enrollment.

8. Q: What if I do not see the **Passwordless sign-in requests** option?

A:

BON SECOURS MERCY HEALTH

- Verify under **WAYS TO SIGN IN OR VERIFY** that this option is not there.
- Try re-registering your device.
- Contact the Support Desk @ **833-691-4357**

9. Q: What if I get an error message that says “No Usable Data Found” while scanning the QR code?

A: Make sure you are scanning the QR code within the Authenticator app by selecting **Scan QR Code** as shown in Step3 (not the camera app).

10. Q. How do I re- register my Microsoft Authenticator on my new phone?

- **A:** 1. Open the Microsoft Authenticator app.

- 2. Tap the "+" button to add a new account.
- 3. Select "Scan a QR code" or use the method indicated in the previous step.
- 4. Scan the QR code displayed on your old phone.

11. Q. What if I have already enrolled for Haiku/Canto, do I still have to enroll.

A: Yes, end users must still follow these steps to enroll even if you have enrolled for Haiku/canto.
