

As a leader in improving  
the health of our communities,

## Catholic Healthcare Partners

provided \$289.3 million in targeted

### community benefit

in 2007 – including care and programs  
for people who are poor and under-served;  
direct grants, donations and funding;  
and extensive support for medical  
education, clinical research and  
programs aimed at disease prevention  
and chronic care management.

## Our Mission

Catholic Healthcare Partners extends the healing ministry of Jesus by improving the health of our communities with emphasis on people who are poor and under-served.

## Our Six Core Values

Compassion, Excellence, Human Dignity, Justice, Sacredness of Life and Service

## Our Sponsors

Sisters of Mercy, Regional Community of Cincinnati; Sisters of Mercy, Mid-Atlantic Community; the Sisters of the Humility of Mary; the Franciscan Sisters of the Poor; and Covenant Health Systems.

Catholic Healthcare Partners is the largest health system in Ohio and one of the largest nonprofit health systems in the U.S. CHP employs nearly 37,000 associates in more than 100 organizations, including 34 hospitals that serve the healthcare needs of persons in Ohio, Tennessee, Kentucky, Pennsylvania and contiguous states.

CHP actively lives our values by committing to comprehensive benefits, including healthcare coverage for all regular employees, and by paying competitive wages, including a just wage that far exceeds state and federal minimums.

And CHP is proud that our associates provide high quality care to all who walk through our doors: in fact, CHP leads the market in publicly reported clinical care measures in five of the nine communities we serve.

In 2007, CHP devoted 7.9 percent of our operating expenses to community benefit spending.

\$240 Million

2005

\$273 Million

2006

\$289 Million

2007

## Charity Care Policy

CHP provides a real and essential safety net for our communities, assuring that those who come to us receive both the care and financial help they need. We offer free care to anyone without insurance earning up to twice the federal poverty guidelines, and substantial discounts to those earning from two to four times the federal poverty guidelines.

Those who have no insurance and earn more also can qualify for discounts.

# Catholic Healthcare Partners

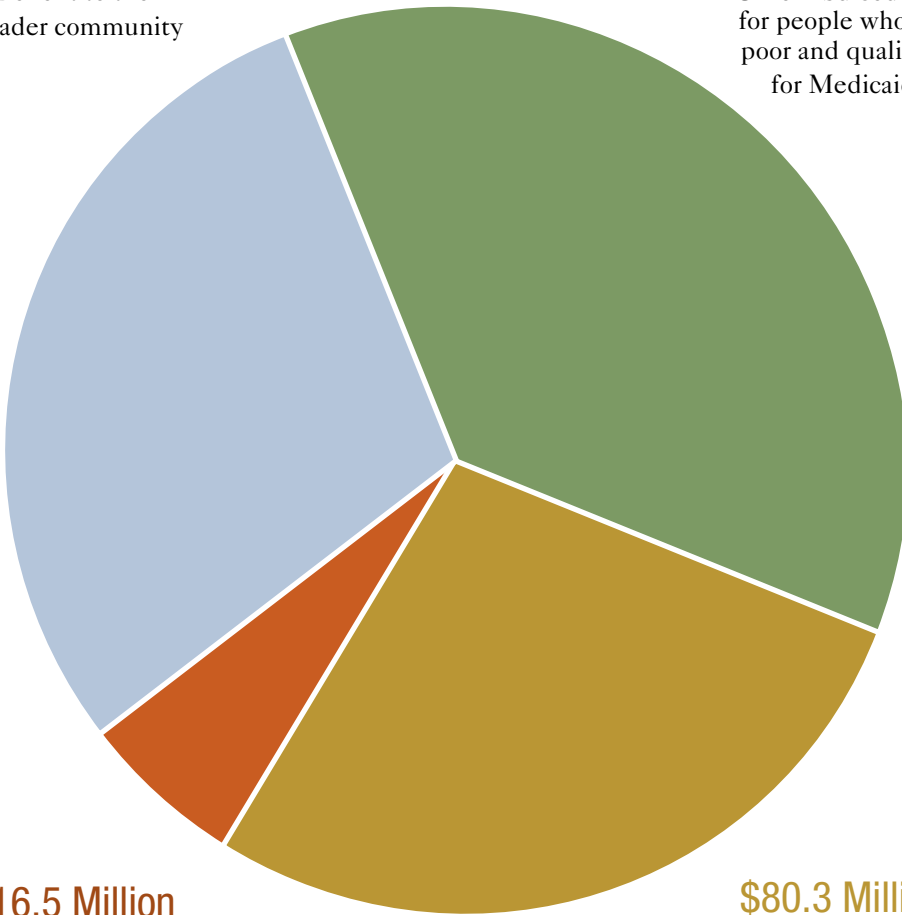

## Community Benefit Total: \$289.3 Million

**\$85.5 Million**

Benefit to the broader community

**\$107 Million**

Unreimbursed care for people who are poor and qualified for Medicaid

**\$16.5 Million**

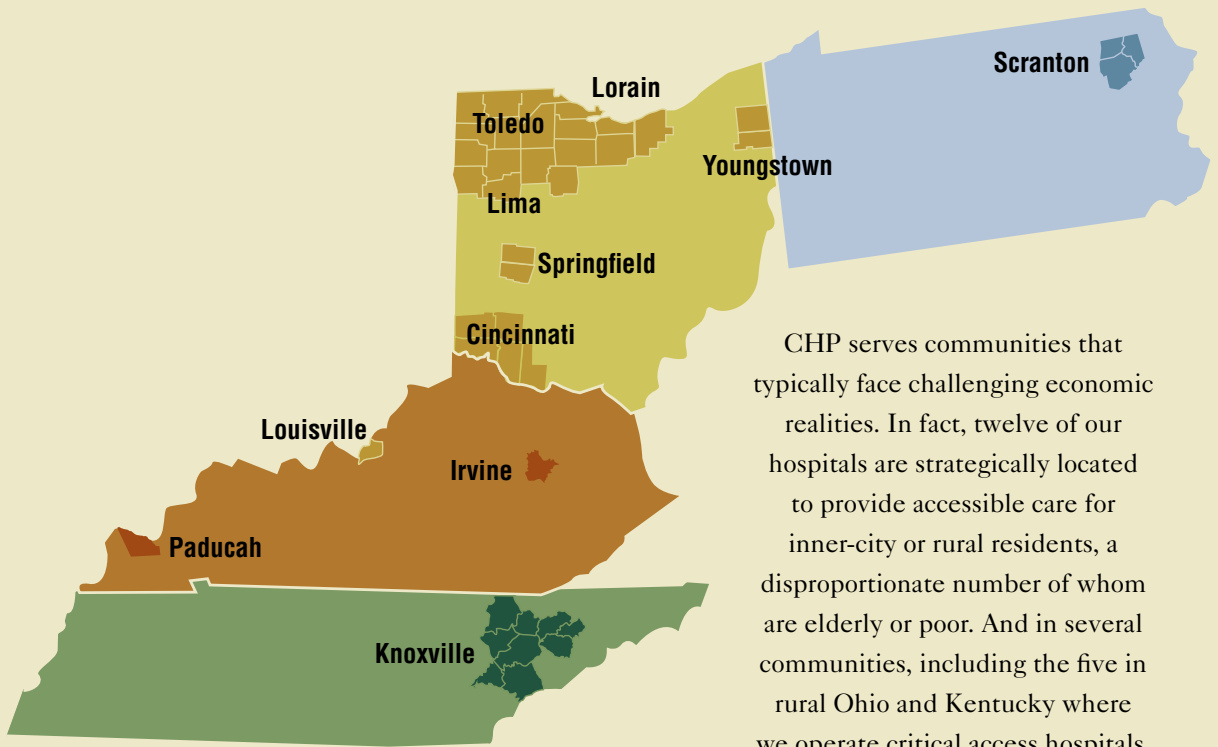

Support for other programs for people who are poor

**\$80.3 Million**

Cost of care for people who could not afford to pay

# Serving Our Communities

CHP serves communities that typically face challenging economic realities. In fact, twelve of our hospitals are strategically located to provide accessible care for inner-city or rural residents, a disproportionate number of whom are elderly or poor. And in several communities, including the five in rural Ohio and Kentucky where we operate critical access hospitals, we are the sole provider of essential health services.
